The objective of BeWell is to help employees understand, adopt, and maintain a healthy lifestyle.

BeWell Program Benefits:

Improved health / Reduced illness / Reduced insurance premiums / Free appointments with a Nurse Coach focusing on you and your health and wellness goals / Increased productivity, energy, and performance for living

The company will contribute \$500 annually for an individual and \$1,000 annually for those with dependents.

Retirement Planning

Little provides a retirement plan to all employees that consists of two elements: a 401(k) plan and a discretionary profit sharing plan. Company contributions may be made through the profit sharing plan, and employee contributions (salary deferrals) are made through the 401(k) plan.

Employees who meet the eligibility requirement (21 years of age) are eligible to participate immediately upon hire.

The profit sharing contribution is evaluated annually based on Company performance and regulated by Internal Revenue Code. Upon eligibility, the Company's contribution, if applicable, is based on employee annual base earnings paid during the period of eligibility. The employee's and the Company's contributions are 100% vested when made.
